

Can't Help But Wait (plies Remix)

Trey Songz

I can't help but wait, oh uh
Can't help but wait
Check it out, uh
I see you, you with him
He ain't right but you don't trip
You stand by while he lies
Then turn right round and forgive
I can't take to see your face
With those tears runnin' down your cheeks
But what can I do, I gotta stay true
Because deep down I'm still a G
And I don't want to come between you and your man
Even though I know I treat you better than he can
Girl I can't help but wait
Till you get that with him it don't change
Can't help but wait
Till you see that with me it ain't the same
Can't help but wait
Till you see you for what you really are
Baby girl you are a star
And I can't help but wait
Listen, it ain't fresh
To just let him call the shots
You're a queen, you should be
Gettin' all that someone's got
You should be rockin' the latest in purses
Bracelets and watches you're worth
Much more than an occasional
'I love you, I'm thinking of you'
And I don't wanna come between you and your man, no
Even though I know I treat you better than he can
Girl I can't help but wait
Till you get that with him it don't change
Can't help but wait
Till you see that with me it ain't the same
Can't help but wait
Till you see you for what you really are
Baby girl you are a star

And I can't help but wait
Get it together
You can do better
See is believin'
And I see what you need so
I'm going to play my position
Let you catch what you've been missing
I'm calling out, girl cuz
I can't help but wait
Till you get that with him it don't change
Can't help but wait
Till you see that with me it ain't the same
Can't help but wait
Till you see you for what you really are
Baby girl you are a star
And I can't help but wait
Till you get that with him
It don't change
Can't help but wait
Till you see that with me it ain't the same
Can't help but wait
Till you see you for what you really are
Baby girl you are a star
And I can't help but wait
Can't help but wait babe, no no no
I can't help but wait
Oh oh oh
Can't help wait
No, no, no
