

# Escape Artistry (Album Version (Edited))

## Kill Hannah

It shatters me and I freeze like a trapped animal  
I'm going with you, it's true or I'll never get far  
The only hills are landfills, it's driving me mad  
It bores me to tears, we've got to get the fuck out of here  
So we wave goodbye with thunder in our eyes  
No destination, just the edge of the earth  
The sun disappears never to fear  
Just fight, fight, fight, we've got to get the fuck out of here  
So many days I've stayed awake in the dark  
Planning escape from the maze, the sunsets in the smog  
I feel I'm burning alive, buried up to my neck  
When it comes to the dead, do I pity or envy them?  
So we wave goodbye, angels on devil's night  
No destination, just the edge of the earth  
The sun disappears, never to fear  
Just fight, fight, fight, we've got to get the fuck out of here  
We've got to get the fuck out of here, the fuck out of here  
We've got to get the fuck out of here, the fuck out of here  
So we wave goodbye, angels on devil's night  
No destination, just the edge of the earth  
The sun disappears, never to fear  
Just fight, fight, fight, we've got to get the fuck out of here  
Just fight, fight, fight, we've got to get the fuck out of here  
Just fight, fight, fight, we've got to get the fuck out of here
