Catch My Breath

Westlife

We were still in high school when I first met you
Even then you were the prettiest girl that I ever knew
And we carved our name on everything that we could find
The way that all kids do
And although time has passed I still get surprised
At the pulling in my chest when I know you?re coming by
If this feeling?s proving anything
It?s not everything is gonna change with time, you?re still mine
Did you know when you?re around
My heart won?t, it can?t slow down
It beats so hard, it makes it hard
To catch my breath, to catch my breath?
Don?t ever ask me if I?m sorry or that I?m here with you
Baby, you can bet I don?t regret the girls I never knew
Every day?s another first, another chance for me
To fall in love with you and I do
Did you know when you?re around

My heart won?t, it can?t slow down
It beats so hard, it makes it hard
To catch my breath, to catch my breath?
And, oh, when you?re with me I stop seeing
Any way to fail, how do I explain?
I try to tell you what I?m feeling
But how do I when all words? pale?
Did you know when you?re around
My heart won?t, it can?t slow down
It beats so hard, it makes it hard
To catch my breath, to catch my breath
Did you know when you?re around
My heart won?t, it can?t slow down
It beats so hard, it makes it hard
To catch my breath, to catch my breath
To catch my breath, to catch my breath
To catch my breath, to catch my breath
