

Big rig*

The Donnas

This party don't stop 'til the game is done
And I don't care if you're not the one
Doncha wanna get on the Matterhorn
You're a Virgo, I'm a Capricorn
I wanna play on your big rig, uh-huh
So let's keep on truckin'
I wanna play on your big rig, uh-huh
So put another buck in
I wanna play on your big rig, and you can come along
How 'bout a boot in the ass for the road
Wish you lived in my area code
Let's ride the truck with the disco ball
It better not be last call
I wanna play on your big rig, uh-huh
So let's keep on truckin'
I wanna play on your big rig, uh-huh
So put another buck in
I wanna play on your big rig, and you can come along
Yeah keep on truckin'
Buy me a drink, and make it a
double
Baby watch out 'cause here comes trouble
One more honk before the night is over
Why doncha give me some Russell Stover
I wanna play on your big rig, uh-huh
So let's keep on truckin'
I wanna play on your big rig, uh-huh
So put another buck in
I wanna play on your big rig, uh-huh
So let's keep on truckin'
I wanna play on your big rig, uh-huh
So put another buck in
I wanna play on your big rig, and you can come if you wanna
