

Dirty Old Love Song

Shampoo

Hey baby, let's get it on
Hey baby, let's get it on You see them on the TV
You always seem to hear them on the radio
They're big and they're bland
And they spent four hundred grand on their video They're tacky and cheap
Sickly and sweet
Now that the cliché's complete It's a dirty old love song
A dirty old back seat affair that went wrong
A dirty old love song
(Dirty old love song) They're saying
"Hey baby, let's get it on
Let's get it on "Dirty old Whitney's on the floor
She ain't the only one
And dirty old Mariah says
"Her heart's on fire", what a phoney one They're tacky and cheap
Sickly and sweet
Don't forget to keep your receipt It's a dirty old love song
A dirty old back seat affair that went wrong
A dirty old love song
(Dirty old love song) They're saying
"Hey baby, let's get it on
Let's get it on "Get it on Hey baby, let's get it on
Hey baby, let's get it on You see them on the TV
You always seem to hear them on the radio
They're big and they're bland
And they spent four hundred grand on their video It's a dirty old love song
A dirty old back seat affair that went wrong
A dirty old love song
(Dirty old love song) They're saying
"Hey baby, let's get it on
Let's get it on "A dirty old love song
A dirty old love song
(Hey baby, let's get it on) A dirty old love song
A dirty old love song
(Hey baby, let's get it on) A dirty old love song
A dirty old love song
(Hey baby, let's get it on)
