

Something Going On

Todd Terry, DJ Roland Clark & Martha Wash

Hey, hey Feelin' good in every way
Hey, hey Feelin' good in every way
Feel the spirit here tonight
Round and round it really goes
And I'm here to let you know
There's something feelin' good in my soul As the rhythm starts to grind
If you feel it like I do
Stomp your feet and let me know Something's goin' on in your soul
Feels good, feels good in your soul
Feels good, feelin' good in every way
Feels good (hey), feels good in your soul (hey) Feels good, feelin' good in every way
Let your waters overflow
And I wanna see you dance
Heat it up and let it go
Something's feelin' good in your soul Feelin' free and let it show
Come on in and love with me
Now I'm givin' you the sound
Something's goin' on in my soul
Feels good, feels good in your soul (feel it) Feels good (ooh), feels good in your soul Feels good (oh), feels
good in your soul (yeah yeah)
Feels good, feels good in your soul (ooh) (Ooh ooh) oh (let it go) let it show, let it go (Ooh ooh) the spirit (let it
show) should make
That's comin' all over you (ooh ooh)
That's got you feelin' good (let it go)
In your soul (oh), you gotta let it
Let it show (ooh ooh, let it go)
Yeah (ooh ooh, let it show)
Can you feel it (ooh ooh) can you feel it (let it go)
Movin' and groovin', smoothin', in my soul
Something goin' on in my soul
Feelin' the spirit here tonight
And let it show (ooh)
