Oceansize

Gravity, gravity, why oh why you try to fail me
Never you mind, never you mind, never you mind it's entertaining
Us for a while just for a while, your crocodile smile now is fading
Maybe I lied, maybe I lied, maybe I lied but it's entertaining Oh, how I'd cut you to the bone?
Oh, how I'd cut you to the bone? This creeping and seething I pour it on to make you grow
While I'm waiting for the lights to change
Your love that is weakening a last embrace before you go
Are you waiting for the lights to change? Why try to fight, why try to fight?
Holding on tight but my hands are shaking
In pulling you down, pulling you down
From this dream you are never waking What cannot see, what cannot see, what cannot see
Cannot try to lead me?
Know my own mind, know my own mind, know my own mind
And I'm not crazy Oh, how I'd cut you to the bone?
Oh, how I'd cut you to the bone? This creeping and seething I pour it on to make you grow
While I'm waiting for the lights to change
Your love that is weakening a last embrace before you go
Are you waiting for the lights to change? This creeping and seething I pour it on to make you grow
While I'm waiting for the lights to change
Your love that is weakening a last embrace before you go
Are you waiting for the lights to change? Oh, how I'd cut you to the bone?
Oh, how I'd cut you to the bone?
Oh, how I'd cut you to the bone?
Oh, how I'd cut you to the bone?
