On My Own

Davina

[Verse 1:]
I know what they wanna hear
They wanna hear my story
They wanna know how I feel
Tryna get to know me
I know they feel my pain
So many can relate
But that's not the moral of where I'm goin', goin'...
I'll never be weak like that again
You'll never break me like this again
Bittersweet tears fall down
I'm picking myself up off the ground
Slowly I rise, I stand to fight

I got my game face on
They gon' see what I am made of
Make this song hit you where I feel the pain
Yeah my heart's still beating
I'ma bleed it to the beat
Said my heart's still beating
I'ma bleed it to the beat

[Chorus]
You and I were like harmony
It's like you tried to take a piece of me
I got control- I'm on my own
I got control- I'm on my own

[Verse 2:]
A quiet storm- yes that was me
I've been restored- by my sanity
I admit I lost myself throughout the process
Lost my voice but I'm never gonna lose it again
I'm tryin to make sense of who I really am
But I'm on my own....

I got my game face on
They gon' see what I am made of
Make this song hit you where I feel the pain
Yeah my heart's still beating

I'ma bleed it to the beat
Said my heart's still beating
I'ma bleed it to the beat

[Chorus]
You and I were like harmony
It's like you tried to take a piece of me
I got control- I'm on my own
I got control- I'm on my own

[Bridge:]
If you see my smile
You know that it is genuine
But I'm so far gone....
(I'm on my own)

[Chorus]
You and I were like harmony
It's like you tried to take a piece of me
I got control- I'm on my own
I got control- I'm on my own

Slowly I rise...
