## Jebediah

I don't want to sit next to you

I don't want to sit next to you

I don't want to sit next to you

Oooooohhhh

Don't care what you say or what you want to do

Best friend caught you lying

We're not going to go away

It don't matter what you say

I don't want to fight with you

So don't go against your will

But you make it so easy to

There's no need to be too cool If you want to like us still
