

# God Is On My Side

## Jackson Southernaires

Chorus:

God is on my side  
He always abides with me  
I know he will provide  
for me for me  
(2x)

Verse:

In every situation he's right there to pull me through  
He keeps doing things for me that no one else can do  
When my days are dark and long give me strength so that I can carry on  
He keeps holding me in his loving arms  
keeping me from all harm

Chorus:

God is on my side  
He always abides with me  
I know he will provide  
for me for me

Verse:

All day and all night he keeps on watching over me  
I do not fear because he's always been protecting me and carrying me  
Though I fail to do his will sometimes his love never wavers he's a true friend of mine  
All that I am and hope to be is because of his love and his caring for me

Chorus:

God is on my side  
He always abides with me  
I know he will provide  
for me for me  
for me for me

Bridge:

Never leave me, nor forsake me (3x)  
Never leave me  
Always walking by my side  
Never leave me, nor forsake me (3x)  
Never leave me  
I know he'll always be my guide

Never leave me, nor forsake me (3x)  
    Never leave me  
    Always walking by my side  
Never leave me, nor forsake me (3x)  
    Never leave me  
    I know he'll always be my guide
