

# Rain

## Future Leaders of the World

I wonder how I'll get along  
I wonder where I might belong  
Losing your way is easy to do  
Wandering around without a clue  
If there's a way I don't know where  
If there's a why I'm standing here  
Losing my mind is easy to do  
Where are you...

Chorus

And the rain falls down  
It's the only way it gets better  
When the rain is fallin' down  
Telling me that I'm gonna make it through  
I never thought of what it cost  
All of the time I might have lost  
So much to gain playing it cool  
I'm better cast playing the fool  
(chorus)

I know I will, but when will i  
Stand up to myself, make up my mind  
I might not have, what I had before  
But I still got the rain  
And the rain falls down  
It's the only way it gets better  
If the rain would fall down  
Then I know I could make it through the night  
And the rain falls down  
It's the only way it gets better  
When the rain is falling down  
Telling me that I'm gonna make it through  
Oh yeah, it's the only way  
Oh, ohhhhh, it's the only way

Let it rain, let it rain down on me  
Let it rain, it's the only way  
Back to top

Walking my baby back home  
(mcintyre, afanasieff, sax)  
Last night I saw you and it wasn't enough

It's only been one day and I miss you so much  
All I can think of is the look in your eyes  
When you told that you loved me  
Then you had to say goodbye  
Chorus  
Walking my baby back home  
I wonder what I got to do to get you alone  
Walking my baby back home  
Her daddy says I got to have her back before dawn  
Remember when I touched you for the very first time  
I'll never forget the night you made up your mind  
I was so scared to let you know how I feel  
Then you opened up to me  
Now I know it's for real  
(chorus)  
I wonder if your daddy really knows  
That you love me so  
And I'll never let you go  
I wonder if he's ever gonna see  
What you mean to me  
Will he set you free  
Remember the first time you fell in love?  
(chorus)
