Unity (Matisse & Sadko Radio Edit)

Shinedown

I found a note with your name

And a picture of us

Even though it was framed

And covered in dust

It's the map in my mind that sends me on my wayThey say it's never too late

To stop being afraid

And there is no one else here

So why should I wait?

And in the blink of an eye the past begins to fadeSo have you ever been caught in a sea of despair?

And your moment of truth

Is the day that you say "I'm not scared"Put your hands in the air

If you hear me out there

I've been looking for you day and night

Shine a light in the dark

Let me see where you are

'Cause I'm not gonna leave you behindIf I told you that you're not alone

And I show you this is where you belong

Put your hands in the air

One more timeI've seen a million miles

Met a million faces

Took all I knew

To reach all these places

And I'd do it again

If it brings me back to youSo have you ever been caught in a sea of despair?

And your moment of truth

Is the day that you say "I'm not scared"Put your hands in the air

If you hear me out there

I've been looking for you day and night

Shine a light in the dark

Let me see where you are

'Cause I'm not gonna leave you behindIf I told you that you're not alone

And I show you this is where you belong

Put your hands in the air

One more timePut your hands in the airPut your hands in the air

If you hear me out there

I've been looking for you day and night

Shine a light in the dark

Let me see where you are

'Cause I'm not gonna leave you behindIf I told you that you're not alone

And I show you this is where you belong
Put your hands in the air
One more time
Put your hands in the air
One more time
