

So She Dances

Instrumental Pop Players

A waltz when she walks in the room
She pulls back the hair from her face
 She turns to the window
 To sway in the moonlight
 Even her shadow has grace
A waltz for the girl out of reach
She lifts her hands up to the sky
 She moves with the music
 The song is her lover
 The melody's making her cry
 So she dances
In and out of the crowd like a glance
 This romance is from a-far
 Calling me silently
A waltz for the chance I should take
But how will I know where to start?
 She's spinning between
 Constellations and dreams
 Her rhythm is my beating heart
 So she dances
In and out of the crowd like a glance
 This romance is from a-far
 Calling me silently
I can't keep on watching forever
I give up this view just to tell her
When I close my eyes, I can see
The spotlights are bright on you and me
 We've got the floor
 And you're in my arms
 How could I ask for more?
 So she dances
In and out of the crowd like a glance
 This romance is from a-far
 Calling me silently
I can't keep on watching forever
And I'm giving up this view just to tell her
