

State Of Grace

Seal

So strange, it's funny how we came to meet
Those eyes uncanny were my invitation
I couldn't wait, I couldn't wait to hold you like a baby
This is what it feels like you are here now Oh but I can't seem to find our state of grace
Who knows tomorrow may never come
One touch, one look that is all it takes
These things forever change us This is the sound of a feeling that's caught in my head
Make me think about something you said
Take away my fears
This is the sound of a woken man
Why don't you tell me it's you babe
I found you, you babe Yea but I can't seem to find that state of grace
Who knows tomorrow may never come
One touch, one look that is all it takes
These things forever change us Look at the past
No savoir faire
No that's not us Oh but I, I can't seem to find my state of grace
Who knows tomorrow may never come
One touch, one look that is all it takes
These things forever change us
These things forever change us
These things Look at the past, these things
No savoir fair, these things
I know that are ours, these things
Look at the past
These things
Look at the past
