

# Brave Jane

## Vaya Con Dios

Brave Jane, she's nobody's fool  
She don't play silly games  
She's hot when she's cool  
She don't need anybody  
To tell her what she should do  
And when she'll need any kind of advice  
She won't be calling on you  
She ain't got nobody  
But herself  
And she ain't needing anybody else  
But when you see her out on the street  
She'll turn every head  
She doesn't have to complete  
Jane's got soul  
(She's got soul)  
Oh, yes she has  
(She's got soul)  
Brave Jane, she don't go telling no lies  
Oh, she ain't gonna change for no one  
She finds her strenght in her pride  
She's got no pictures to frame  
Of lovers left on the way  
She makes no plans for tomorrow no more  
She takes it day by day  
Her heart is tender, if you only knew  
This is brave Jane, brave Jane for you  
She's got the kind of touch  
That you'd like to feel  
And when she loves you  
You know it's for real  
Jane's got sou  
(She's got soul)  
Oh, yes she has  
(She's got soul)  
(She's got soul)  
She's got soul)  
And when she says it, she says it loud  
She don't like walking on moving ground  
There goes the passion we'll talk about

She comes and goes, she's got it all  
Jane's got soul  
(She's got soul)  
Oh yes she has  
(She's got soul)  
And when she says it, she says it loud  
She don't like walking on moving ground  
There goes the passion we'll talk about  
Jane's got soul  
(She's got soul)
