Sunshine

Kurupt

Sun yes, the size of a beach ball
The earth shall be the size of a sweet, sweet pea
Let it be so it goes blow your nose
Yeah, yeah, yeah, yeah I hear you, I hear you calling
Electric lightning lights the night until the morning
I caught you stalling on me every day, no way
Moon yes, that turns the tides
On the ocean bed a starfish starts to slide
Into the sand the way it planned right on time
Can see the sunshine in the rain
It's all been done before, that's what she says
I can see you got the sunshine in the rain
Can see the sunshine in the rain
It's all been done before, that's what she says
I can see you got the sunshine in the rain
Sunshine in the rain
It's all been done before, that's what she says
I can see you got the sunshine in the rain
