Day & Night

Billie Piper

All of the day, all of the night
You do the things that make me feel so right
My shining star, my guiding light
(My shining light)
And that's the day and night, babeIt just ain't the same when you're away
You are my inspiration
I'm hanging on to every word you say
'Cos you are my motivation, you make me feel so right
Every day and night'Cos the only time I think of you
Is every day and all night through
Whenever I breathe you're on my mind
Every day and night, babeAll of the day, all of the night
You do the things that make me feel so right
My shining star, my guiding light
(My shining light)
And that's the day and night, babeI need you tonight but you're not around
I need to hear your voice, babe
Something feels strange, there's not a single sound
I wish you were at my door, babe, you make me feel so right
Every day and night'Cos the only time I think of you
Is every day and all night through
Whenever I breathe you're on my mind
Every day and every night, babeAll of the day, all of the night
You do the things that make me feel so right
My shining star, my guiding light
(My shining light)
And that's the day and night, babeGotta let me know, oh, yeah
When you're coming home
(When you're coming home)
You know you make me feel so right
Every day and night'Cos the only time I think of you
Is every day and all night through
Whenever I breathe you're on my mind
Every day and night, babeAll of the day, all of the night
You do the things that make me feel so right
My shining star, my guiding light
(My shining light)
And that's the day and night, babe
