

# Things Could Turn Around

## Firehose

Silence to regain composure or rather music to soothe  
Maybe a little magic could help things, could turn around  
Freeze this mood for now, hold tight till it thaws  
Wetness pulled out of me so I cry less easily A hasty decision, hardly used, jokingly punished  
Icy fingers touch, warmth trickles to the floor  
Wetness pulled out of me so I'll cry less easily  
Wetness pulled out of me so I'll cry less easily  
Wetness pulled out of me so I'll cry less easily
