

# Let You Break (feat Leigh Nash)

## William Fitzsimmons

To cut out the figure  
The grounding of this  
Let melancholic drown To greener reminders  
Of better pastures  
You're beautiful and found Embattled walls that I have raised  
To only bring you down  
A fortune I would gladly trade  
To swim within the sound I wish you would  
I wish you would I will never, I will never  
I will never let you break  
I will never, I will never  
I will never let you break The burn of the summer  
When I first saw you  
Still upon my brow The gentle refusal  
The fear you flourish  
Let peel away from now The red that I have run so long  
The penchant for this flight  
The memory of this overcomes  
Lifting now to light I wish you would  
I wish you would I will never, I will never  
I will never let you break  
I will never, I will never  
I will never let you break I will never, I will never  
I will never let you break  
I will never, I will never  
I will never let you break
