What's In Your World

Daryl Hall

Tell me what world you're living in
I'm trying so hard to understand
Searching my soul just to find any line
That connects me to whatever you are hiding
Remember, how we used to be
We shared the best baby, the best of everything
And now it seems like we're slowly drifting apart
Tell me when did we stop communicating, heart to heart
What's in you world
What'cha trying to hide from me
I can't fight what I can't see
I need to know what's going on
What's in your world
Standing here with a broken heart
Trying to stop before I start
Falling all over again
Ooh baby
Baby, I need to know
I need for you to show
What's in your world
Girl, I'm not ready to walk away from you, oh no
Unless you say it's over and done, I know
I'll do what I gotta do, it's time to remind you that love's on the line
So baby say what you gotta say but if you're gonna walk away
Tell me what's in you world
What'cha trying to hide from me
I can't fight what I can't see
I need to know what's going on
What's in your world
I'm standing here with a broken heart
Trying to stop before I start
Falling all over again
Well
Baby, I need to know
I need for you to show
What's in your world
Girl, I'm not sure you understand
That a man must be a man
I've got so many promises to keep

Maybe I'm in too deep
I can't see in the other side
Baby all I want to do is satisfy
How can I give you what you need
You're not telling me
What's in you world
What'cha trying to hide from me
But I can't fight what I can't see
I need to know what's going on
What's in your world
I'm standing here with a broken heart
Trying to stop before I start
Falling in love again, love again
I know it
Ain't gotta go where you wanna go
Ain't gotta do what you wanna do
But then you find it in your heart
Taking it to your world, oh baby baby
I'm falling all over again, oh oh
But baby I need to know
I need for you to show
What's in your world
Take me with you baby, ooh
I wanna go
Where ever it is you're going
Won't you take me with you, baby
I wanna be there with you, ooh
In your world, I wanna go with you always
Gotta know, I wanna go there
Oh baby, you wanna run away, don't run away
