

# Priceless (For Eleanor)

## Copeland

I remember when I'd run to you  
Through field of white flowers  
    Your embrace is my air  
    How I needed you there  
    And all of the world and  
        All of it's powers  
    Couldn't keep your love from me no  
Couldn't keep your love from me'Cause I need you  
    Like the dragonfly's wings need the wind  
    Like the orphan needs home once again  
        Like heaven needs more to come in  
I need you here like you've always beenAnd then I waved good bye to you  
    From fields of white flowers  
    You were so proud of me  
    I was too proud to see that  
        All of the world and  
        All of it's powers  
    Couldn't keep your love from me no  
Couldn't keep your love from me'Cause I need you  
    Like the dragonfly's wings need the wind  
    Like the orphan needs home once again  
        Like heaven needs more to come in  
I need you here like you've always beenTaking for granted  
    (taking for granted)  
    And all of her smiles  
    Could not be reminded  
That got awayAnd now I'm looking up at you  
    In fields of white flowers  
    You were so proud of me  
    I'm so proud of you  
    All of the world and  
        All of it's powers  
    Couldn't keep your love from me no  
Couldn't keep your love from me'Cause I need you  
    Like the dragonflies wings need the wind  
    Like the orphan needs home once again  
        Like heaven needs more to come in  
        I need you hereI need you  
    Like the dragonfly's wings need the wind

Like the orphan needs home once again  
Like heaven needs more to come in  
I need you here like you've always beenLa da da da
