WOW

Prince & 3RDEYEGIRL

Hello, How are you?
You're looking so fine
No, it's true
Remember the time we first met?
You think that was good? You ain't seen nothin' yetLike a bee to some honey
A moth to a flame
You got an addiction and you got me to blame
You never saw it comin' 'cause I made no claims 'til now
You can call it the unexpected or you can call it wow
You can call it call it wow
You can call it call it call it wow
You can call it the unexpected or you can call it call it call itSorry, I don't know
What came over me
The cycle of the moon affects the motion of the see what you did
It's starting all over again
We both want it now more than we did back thenLike a bee to some honey
A moth to a flame
You got an addiction and you got me to blame
You never saw it comin' 'cause I made no claims 'til now
You can call it the unexpected or you can call it wow
You can call it call it wow
You can call it call it call it wow
You can call it the unexpected or you can call it call it call it call itGive me a minute
Let me get myself together
I'm never really out of control
Really, I'm so much better
Maybe it's your eyes, your stare, lookin' like lookin' like you wanna go somewhere
You wanna go somewhere?
Somethin' 'bout the wild in me, it's never tame
I think we're both alike, this is how we becameLike a bee to some honey
A moth to a flame
You got an addiction and you got me to blame.
You never saw it comin' 'cause I made no claims 'til now
You can call it the unexpected or you can call it wow
You can call it call it wow
You can call it call it call it wow
You can call it the unexpected or you can call it call it call it call it call it!You can call it the unexpected or you can call it call it call it call it call it
