

# Church of Execution

## Fear Factory

Ancient beliefs  
Are a curse on mankind  
Theories of punishment  
Leading the blind Force the concept of mortality  
Force attack to kill the disease Bow down submission  
Kneel to obsession  
Pray to infection  
Church of Execution Your static doctrines  
Overreach the past  
Faith executions  
Through cowardly acts Force the concept of mortality  
Force attack to kill the disease Bow down submission  
Kneel to obsession  
Pray to infection  
Church of Execution Death as a way of life  
Godless contagion  
Drawn in the promised land  
New retribution  
Your false epiphanies  
For persecution  
Hollow morality  
Lethal religion MANUFACTURED LIES  
DESTROYING ALL LIFE Bow down submission  
Kneel to obsession  
Pray to infection  
Church of Execution  
Bow down damnation  
Force fed salvation  
Pray to infection  
Church of Execution
