

Holdin' On Together

Phoenix

He told me a heart can't smile
If it's filled with tears
Growin' up I thought it's all gone
But now it comes back to me, again
Ghetto uniform, collect calls
That I can explain
All the things I've ruined, abandoned
They come back to me
Holdin' on together I
Try to set the night on fire
Holdin' on together I
Try to set the night on fire
Holdin' on together I
Try to set the night on fire
Holdin' on together I
Try to set the night on fire
He told me for those who been drowned
There is no refrain
With one an' only youth, a gospel
I do what I can
Holdin' on together I
Try to set the night on fire
Holdin' on together I
Try to set the night on fire
Holdin' on together I
Try to set the night on fire
Holdin' on together I
Try to set the night on fire
Though I've been trying

To lose it all before it's gone
Whatever comes, a heart can't smile if it's filled with tears
I've been waitin'
All I got to do is call
Divin' deeper, won't you get me out of this despair?
Though I've been trying
To lose it all before it's gone
Whatever comes, a heart can't smile if it's filled with tears
I've been waitin'

All I got to do is call
Divin' deeper, won't you get me out of this despair?
Though I've been trying
To lose it all before it's gone
Whatever comes, a heart can't smile if it's filled with tears
I've been waitin'
All I got to do is call
Divin' deeper, won't you get me out of this despair?
Holdin' on together I
Try to set the night on fire
Holdin' on together I
Try to set the night on fire
Holdin' on together I
Try to set the night on fire
Holdin' on together I
Try to set the night on fire
Holdin' on together I
Try to set the night on fire
...
