Self Destruct

GBH

Out on a limb, got no enjoyment
Stoney broke, got no employment
It's something no one else can see
I've gotta end my miserySelf destruct, self destruct
I said I'm gonna
Self destruct fill my head
With a piece of leadHad enough of this recession
Their bullshit caused my depression
Their ways make me feel small
Now I'm gonna end it allCountdown's over this is it
My life is spent, it's now I quit
Done my best to aid this caper
One less name on a piece of paperBlow my brain
