

# Everybody Here Wants You

[Jeff Buckley](#)

Twenty-nine pearls in your kiss, a singing smile  
Coffee smell and lilac skin, your flame in me  
Twenty-nine pearls in your kiss, a singing smile  
Coffee smell and lilac skin, your flame in me I'm only here for this moment  
I know everybody here wants you  
I know everybody here thinks he needs you  
I'll be waiting right here just to show you  
How our love will blow it all away Such a thing of wonder in this crowd  
I'm a stranger in this town, you're free with me  
And our eyes locked in downcast love, I sit here proud  
Even now you're undressed in your dreams with me I'm only here for this moment  
I know everybody here wants you  
I know everybody here thinks he needs you  
I'll be waiting right here just to show you  
How our love will blow it all away I know the tears we cried  
Have dried on yesterday  
The sea of fools has parted for us  
There's nothing in our way, my love Don't you see, don't you see?  
You're just the torch to put the flame  
To all our guilt and shame  
And I'll rise like an ember in your name I know, I know  
I know everybody here wants you  
I know everybody here thinks he needs you  
I'll be waiting right here just to show you  
Let me show that love can rise  
Rise just like embers Love can taste like the wine of the ages, babe  
And I know they all look so good from a distance  
But I tell you I'm the one  
I know everybody here thinks he needs you  
Thinks he needs you  
And I'll be waiting right here just to show you
