

Rescue Me (Acoustic Live Album Version)

Unwritten Law

Shut down
Fallin' over once again
Dropped out
Hand extended for a friend
Looked up
And there's you lookin' in And who cares
'Cause no ones lookin' anyway
Impaired
My vision lost it yesterday
And that's fine
Don't mind feelin' that way Just don't let me lie here by myself
Lets go I know I'm faded
Outta sight, tonight
Just stay with me, I don't wanna go home
Outta sight, tonight
Just rescue me, I don't wanna go Rewind
And take me back to start again
Ducked out
'Cause paranoia's settin' in
But I'm
With you until the end One ride
We'll drive around the parkin' lot
No pride
'Cause I don't seem to care a lot
No cash
This change is all I got Just don't let me ride here by myself now
Lets go I know I'm faded
Outta sight, tonight
Just stay with me, I don't wanna go home
All right tonight
Just rescue m, I don't wanna go So set still, one last thrill
Just stay with me and we'll never go home
Outta sight tonight
Just rescue me and we'll never go home
Yeah, we'll never go home, yeah
I don't wanna go One more ride, one time once again
Just climb in I'm still climbing, yeah
One more ride, one time once again
Just climb in I'm still climbing Outta sight, tonight

Just stay with me, I don't wanna go home
All right tonight
Just rescue me, I don't wanna go
So set still, one last thrill
Just stay with me and we'll never go home
Outta sight, tonight
So rescue me and we'll never go home
