

# Love Loves A Long Night

[Craig Morgan](#)

Summer dress straps slippin' off of her shoulder  
A blanket of a stars is lookin' us over  
Here in the dark  
Wrapped up in each other's arms

Moonlight tickles her sun-kissed skin  
She smiles that smile she only smiles when  
I've done somethin' right  
It's gonna be a long, long night

Baby, baby love loves a long night  
Don't you know love, no love don't worry 'bout time  
The way it's goin' feels like love's gonna be  
Goin' til the morning light  
Baby, baby love loves a long night

Candle wax drippin' off a dropped tail gate  
Barefoot dancin' while the radio plays  
A slow, sexy song  
Whippoorwill singin' along

Fireflies bounce across a cut hay field  
Winkin' back and forth like they know the deal  
No it can't be wrong, lovin' all night long

Baby, baby love loves a long night  
Don't you know love, no love don't worry 'bout time  
The way it's goin' feels like love's gonna be  
Goin' til the morning light  
Baby, baby love loves a long night

Baby, baby love loves a long long night  
Don't you know love, no love don't worry 'bout time  
The way it's goin' feels like love's gonna be  
Goin' til the morning light  
Baby, baby love loves a long long night  
Oh love loves a long night
