

# Under the Street Light

Shannon Mcarthur

Woke up one morning,  
Too usual searching,  
Keys, wallet, and cell phone,  
And remember, how it got there,  
Completely unknownRight above the G-abbey  
Guess thats how she found me  
Maybe i found her  
Sure of my words they didn't slurr  
She had the damn dress,  
Wonder who the guy shes tryin' to impress  
Is that me, could it be  
Shes such a mystery  
Wonder if shes ever been kissed  
Was it that first time when i missed,  
I won't miss her next time,  
Won't miss her next time(music)She says are you crazy?  
Vut in a good way, babyShe says that she loses me  
When i talk about music  
Too make this song a bit more realFeeling good when i'm with her  
Our first meeting was a blur  
On the way  
She stopped me under the street light  
I'm so glad her saw my faceShe had the damn dress,  
Wonder who the guy shes tryin' to impress  
Is that me, could it be  
Shes such a mystery  
Wonder if shes ever been kissed  
Was it that first time when i missed,  
I won't miss her next time,  
Won't miss her next timeWe can play those games now  
If you want to  
Skip though that whole mess  
You know i think that would be the best  
You know i think that would beShe had the damn dress,  
Wonder who the guy shes tryin' to impress  
Is that me, could it be  
She's such a mystery  
Wonder if shes ever been kissed  
Was it that first time when i missed,

I won't miss her next time,  
Won't miss her nextWait a lil' while now girl  
Cuz i am gonna rock your world  
Just you wait and see
