

# Behind the Mirror

[Mathew Jonson](#)

Visions - I'm not awake - nor do I sleep  
Dreamin' dawn turns to dusk  
Dwarves and fairies dance on my grave  
There's a door to - wonderland Fires, see fires darken the night  
Brightness, dark brightness  
Trapped in a hot air balloon I can't believe it  
But I believe it's true There's a shark  
Climbing thru' my heart Stars shine when the moon heat  
Cools my thoughts  
The still of the night is so noisy All faked or true  
Tell me - what I will see  
Is there a new world  
To be found - behind the mirror Wake up - open me eyes  
Light a cigarette and smoke  
Smell the taste of coffee  
Am I back to wonderland?
