Vampires in the Sun

Spin Doctors

Vampires in the sunThe sunset's rag is wringing
The night out of the day
The undercover lovers
Have run out of things to sayThe singer's started singing
The strummers start to strum
The night is just beginning
For the vampires in the sunVampires in the sun
Vampires in the sun
Vampires in the sun
The night is always youngThe moon's a chunk of silver
The night is like a dress
You can hear the ice cubes jingle
Like a diamond on a breastThe waves make a languid crashing
And lick us like a tongue
And wash the ashen ankles
Of the vampires in the sunVampires in the sun
Vampires in the sun
Vampires in the sun
The night is always youngThe evening is undressing
And showing us her stars
The guilty are confessing
To the tenders of the barsThey're knocked out and nocturnal
They stay forever young
The moon, it shines eternal
On the vampires in the sunVampires in the sun
Vampires in the sun
Vampires in the sun
The night is always youngVampires in the sun
Vampires in the sun
Vampires in the sun
The night is always young
The night is always young
The night is always youngVampires in the sun
Vampires in the sun
Vampires in the sun
