We Invent You

Unwound

Save your grace (save your grace)
I'm going soon (i'm going soon)
Not nowI'm on the surface now
Nothing will be the same
Concentrate on this phrase (concentrate)
"Beyond this world i live"
Say it to yourself now
Ignore the disclaimer (concentrate)
Collect your belongings
Follow me in reverse (concentrate)
Save your grace (save your grace)
I'm inventing you (i'm inventing you)
Save your grace (save your grace)
I'm going soon (i'm coming to)
