Let U Go

Yung Berg feat. Casha

Broken promises
But you don't really mind
It's not the first time and you know it
Don't you now?
Tell me why it is
You only smile inside
But when you break me into nothing
Don't you know
It's not like I haven't tried
Over and over again
Stupid fights, wrong or right
Goodbye
I remember when
You came with me that night
We said forever that you would never
Let me go
But here I am again
With nothing left inside
No I don't wanna
But I gotta let you go
You're my one mistake
I really didn't mind
So beautiful, unmerciful
It took me down
Too little and too late
See now I know your kind
You fake it easy just to please me
Don't you know
It's not like we haven't tried
Over and over again
Sleepless nights, wrong or right
Goodbye
I remember when
You came with me that night
We said forever that you would never
Let me go
But here I am again
With nothing left inside
No I don't wanna

But I gotta let you go
I gotta let you go
It's you
There's nothing I can do
I remember when
You came with me that night
You said forever, you said forever
You said forever!
But here I am again
With nothing left inside
No I don't wanna
But I gotta let you go
I remember when
You came with me that night
You said forever that you would never
Let me go
But here I am again
With nothing left inside
No I don't wanna
But I gotta let you go
