## **Drive**

## **Gavin Rossdale**

Through the rain you come stones in the road You're a champion from another world Eat yourself fitter, better stay strong You're the only one knows how to turn it on Wash the stains away with alcohol Reach my memory making virgin snow I want to remember how it use to be When I knew the sharks that were in my sea Caught in a landslide Feels the earth is not on my side Caught in a landslide Better get in my car and drive There was once a house where my home used to be Then a storm came took it all from me And now the animals have been displaced I don't know where they are, don't know if they are safe Caught in a landslide Feels the earth is not on my side Caught in a landslide Better get in my car and drive Better get in my car and drive Don't wanna be more dead than alive She says, baby I don't wanna be more dead than alive Alive, alive she said Through the rain you come Caught in a landslide Feels the earth is not on my side Caught in a landslide Better get in my car and drive Caught in a landslide Caught in a landslide Caught in a landslide Caught in a landslide
