

# Space Dog (2015 Remastered)

Tori Amos

Way to go Mr. Microphone  
Show us all what you don't know  
Centuries secret societies  
He's our commander still, space dog  
So sure we were on something  
"Your feet are finally on the ground", he said  
So sure we were on something  
Your feet are just on the ground, girl  
Rain and snow, our engines have  
Been receiving your eager call  
There's Colonel Dirtyfishydishcloth  
He'll distract her good, don't worry so  
And to the one you thought was on your side  
She can't understand, she truly believes the lie  
Lemon Pie, he's coming through  
Our commander still, space dog  
Lines secure, space dog  
Deck the halls, I'm young again, I'm you again  
Racing turtles, the grapefruit is winning  
Seems I keep getting the story twisted  
So where's Neil when you need him?  
Deck the halls, it's you again, it's you again  
Somewhere someone must know the ending  
Is she still pissing in the river now?  
Heard she'd gone moved into a trailer park  
So sure we were on something  
(So sure those girls, now are in the Navy)  
"Your feet are finally on the ground", he said  
(Those bombs, our friends can't even hurt you now)  
So sure we were on something  
(And hold those tears 'cause they're still on your side)  
Your feet are just on the ground, girl  
(Don't hear the dogs barking)  
So sure we were on something  
(Don't say you know, we've gone to Andromeda)  
"Your feet are finally on the ground", he said  
(Stood with those girls before)  
So sure we were on something  
(The hair in pairs, it just got nasty)  
Your feet are just on the ground, girl  
(And now those girls are gone)
