

# She Believes (In Me)

Ronan Keating

While she lays sleeping  
I stay out late at night and play my songs  
And sometimes all the nights can be so long  
And it's good when I finally make it home all alone  
While she lays dreaming  
I touch her face across the silver light  
I see her dreams that drift up to the sky  
And she wakes up to my kiss  
And I say it's alright, and I hold her tight  
And she believes in me  
I'll never know just what she sees in me  
I told her someday if she was my girl  
I could change the world with my songs but I was wrong  
But she has faith in me  
And so I go on trying faithfully  
Forever in my heart she will remain  
And I hope and pray I will find a way, find a way  
While she lays waiting  
I ask myself why do I hurt her so  
What calls me on along this lonely road  
Why don't I turn around and head back home where I belong  
While she lays crying  
Cause she knows how my heart is ripped in two  
I'm torn between the things that I should do  
She deserves it all and I'd give it if I could  
God, her love is true 'Cause she believes in me  
I'll never know just what she sees in me  
I told her someday if she was my girl  
I could change the world with my songs but I was wrong  
But she has faith in me  
And so I go on trying faithfully  
Forever in my heart she will remain  
And I hope and pray I will find a way, find a way  
While she lays  
While she lays for me
