Pocket Change

One Less Reason

Album: A Lifetime Burning
Nobody walks this road with me
I tried so hard not to lose my way
I lost my way
I fall into your sea
I tried so hard but I can?t un-drown
I died with you today
Ooo, it?s getting hard to reminisce without you
Ooo, it?s getting hard to push this pain down deep inside
Ooo, it?s getting hard to reminisce without you
Time stood still today
I put you in a padlock box I wear around my neck
I search for words to say

Cause anytime I cross my heart
We?ll never be the same
Ooo, it?s getting hard to reminisce without you
Ooo, it?s getting hard to push this pain down deep inside
Ooo, it?s getting hard to reminisce without you
It?s getting hard to reminisce without you (Without you)
Ooo, its getting hard to push this pain down deep inside
No pocket change for me
The sun don?t rise on you
And I wanted more but I?m feeling less
And I swing with all I had
And I won?t let you die again
I won?t let you die again
I won?t let you die again
