

# Astair

[Matt Costa](#)

Astair your glare is killing me  
Astair in skies of blue  
The signs you wear are making me  
So confused But the mountains and the trees  
Are they just what you need  
Or are they less than what  
You'd expect to see And if you're leaving, well  
Come, give me reason why I let you down  
Before you turn around now now  
Before you turn around Astair you're there and I'm still here  
I swear I'm so confused  
The signs you wear are making me  
Feel like I'm the one to lose But the canyons and the seas  
Are they just what you need  
Or are they less than what  
You'd expect to see And if you're leaving, well  
Come, give me reason why I let you down  
Before you turn around now, now  
Before you turn around now, now  
Before you turn around But the mountains and the trees  
Are they what you perceive  
Or are they less than what  
You'd expect to see And if you're leaving, well  
Come, give me reason why I let you down  
Before you turn around now, now  
Before you turn around  
Before you turn around
