

# Imperator (Strikes Again)

## Krabathor

Thousands of cruel warriors  
They bring only death  
Leading Imperator  
You're losing breath  
His brain covered by wrath  
And heart full of hate  
Selfish hunger for the throne  
In his eyes you can read.  
Dressed in a war-suite  
He drank the blood of brave men  
He was sure  
That their power will come  
Into his veins  
He loved courage over all  
And most of all his weapon  
Sword that so many times  
Was killing his enemies  
Imperator  
Imperator  
Imperator  
Imperator  
Once somebody put  
Poison in his cup  
He will never again  
Drink the victory  
There's not any crying  
Around his grave  
Only the burning cross  
Will be burning on ...  
Imperator (8x)
