Life Of Leaving Home

Yellowcard

I can see all the footsteps left behind
Every second I gave
Every song was a snapshot of my life
I needed something to say
It started out in the last slow motion scene
Watching everyone change
Made a map of the one way road from here
I had no reason to stay
I am awake and alive
There is something calling me
More than a moment in time
It's a dream I'm following on my own, on my own
More than a moment in time
It's a life of leaving home
Think of me when the stars come out tonight
Take a look at the sky
I never said that I could burn out that bright
But I needed to try

I am awake and alive
There is something calling me
More than a moment in time
It's a dream I'm following on my own, on my own
More than a moment in time
It's a life of leaving home
The day that I found my voice
I knew that I had no choice
The only way that I'd ever learn to love
Is if I found it on my own, on my own
I am awake and alive
There is something calling me
More than a moment in time
It's a dream I'm following on my own, on my own
On my own, on my own
More than a moment in time
It's a life of leaving home
