

Orestes (Demo)

A Perfect Circle

Metaphor for a missing moment
Pull me into your perfect circle
One womb
One shame
One resolve
Liberate this will
To release us all
Gotta cut away, clear away
Slip away and sever this
Umbilical residue that's
Keeping me from killing you
And from pulling you down with me in here
I can almost hear you scream
One more medicated peaceful moment
Give me
One more medicated peaceful moment
And I don't wanna feel this overwhelming
Hostility
I don't wanna feel this overwhelming
Hostility
We gotta cut away, clear away
Slip away and sever this
Umbilical residue
Gotta cut away, clear away
Slip away and sever this
Umbilical residue that's
Keeping me from killing you
Slip away and sever this
Keeping me from killing you
