Far Side

Unloco

I try not to hate you But it just won't go away Not to hate me I see all I can see I'm hoping for a brighter day Watch as you go There's no one to know me Watch as I wave goodbye On the far.....side I don't care about your side I don't care about you You don't care about your life Not to feel this way I try not to feel the same And I see all I can see A front diguise I'm hoping for a new life Watch as I wave goodbye There's no one to know me Watch as you go On the far.....side I don't care about your side You don't care about your life And when it's gone I don't care about you I won't be there All these things as they past And the time can tell me that I'll just fade away We're all the same I try not to hate you Not to hate me But it just won't go away I see all I can see I'm hoping for a brighter day Watch as you go Watch as I wave goodbye There's no one to know me On the far.....side I don't care about your side I don't care about your life I don't care about you [Thanks to kingxeratul@hotmail.com for these lyrics]
