

# What I Know

## Parachute

I take the car and drive at night  
The white stripes blur and ease my mind  
When all that's left is a single light  
Instead of this confusion

And I'm not certain of the way it was  
And I'm not sure what I could've done  
Oh I wonder if it'd be enough  
To stop her from leaving

And I realize, the only thing I know is  
She said I'm in love with someone else  
She said, I fell in love with someone else  
And I, I'm in love with someone

And that's all that I know for sure  
I stopped the car and closed my eyes  
I could see her face, but it takes a while  
But it makes it like the morning lights

Slow and unfocused  
So I go home and  
She's sitting on the kitchen chair  
Oh, her suitcase waiting by the stairs

Oh they're both poured out from all the years  
And they're ready to let go  
And I realize, the only thing that's shown is  
She said I'm in love with someone else

She said, I fell in love with someone else  
And I, I'm in love with someone  
And that's all that I know for sure  
She's in love with someone else

She said, She fell in love with someone else  
And I, she's in love with someone  
And that's all that I know for sure  
And I'm on my knees

And I'm on my knees  
And I'm on my knees  
And I'm on my knees  
Yes, and I realized

The only thing I know is  
She said, I'm in love with someone else  
She said, I fell in love with someone else  
And I, I'm in love with someone

And that's all that I know for sure  
She's in love with someone else  
She said, she fell in love with someone else  
And I, she's in love with someone

And that's all that I know for sure  
I'm in love with someone else  
She said, I fell in love with someone else  
And I, I'm in love with someone

And that's all that I know for sure  
She's in love with someone else  
She said, she fell in love with someone else  
And I, she's in love with someone

And that's all that I know for sure
