

# Unlock My Door

## Fever Tree

Unlock my door, I'll be waiting  
You'll find me alone in the chair  
Don't touch the light, follow my music  
Come in, come in, I'll be there  
You'll find my key, there in the garden  
In the statues hand  
Don't try the first door, I'll explain later  
Come in and you'll understand  
I never asked but once  
So come in for a while  
I'll wait for you a moment  
Then go  
I'll remember your smile  
Unlock my door, I'll be waiting  
You'll find me alone in the chair  
Don't touch the light, follow my music  
Come in, come in, I'll be there
