

I Hear Music

Billie Holiday

I hear music
Mighty fine music
The murmur of a morning breeze up there
The rattle of the milkman on the stairSure that's music
Mighty fine music
The singing of a sparrow in the sky
The perking of the coffee right near byThat's my favorite melody
You my angel, phoning meI hear music
Mighty fine music
And anytime I think my world is wrong
I get me out of bed and sing this songI hear music
Mighty fine music
The murmur of a morning breeze up there
The rattle of the milkman on the stairSure that's music
Mighty fine music
The singing of a sparrow in the sky
The perking of the coffee right near byThat's my favorite melody
You my angel, phoning meI hear music
Mighty fine music
And anytime I think my world is wrong
I get me out of bed and sing this song
