

Hey Allison!

Jeff Rosenstock

She's on the western side looking at the Jersey skyline.
She's in a real bad mood so she couldn't write back to you.
She's had the longest day and it's a gridlocked highway.
She's in a real bad mood so she couldn't write back to you."Hey Allison! This city's a total disaster without you
around."You spent the days inside avoiding social landmines
That poke at every bruise.
Is she gonna write back to you?
You're an exhausted kid of fractured relationships.
You wanna crush that gloom.
Is she gonna write back to you?
"Hey Allison! This sudden detachment from friendship is making me ache."
