

# Whatever The Deal

## Mellowdrone

I'm lost for like the thousandth time  
Take off whatever you have left  
Sing to me, something like you're lost  
For like the thousandth time Whatever the deal, I will be waiting for you  
And I know how it feels when English won't get it quite done  
Let's take to the hills and sunburn what is left of us  
Whatever the deal, I won't abandon it quite yet My boss is slacking off again  
His boss is taking drugs with him  
Sting you bee and count it as a loss  
For like the thousandth time Whatever the deal, I will be waiting for you  
And I know how it feels when English won't get it quite done  
Let's take to the hills and sunburn what is left of us  
Whatever the deal, I won't abandon it quite yet From my lips to your ears this is the truth  
Keeping it clean will better serve you  
It's not like it is going to take a lot of time  
Just step outside and tangle to your sun Come closer, more closely, come closer Let's take to the hills and smoke  
out all the villages  
Whatever the deal, I won't abandon it quite yet We thank you for your time  
We thank you  
We thank you for your time
