I Feel You

Diesel Christ

I want to know where you go
I want to know where you go at night
When you leave my bed
And when I saw you wandering
Is when I knew
You had no time for me left in your life
So I'm gonna hold my baby blond away
Blond away, so goodbye
But I feel you
(Don't want to let you go)
I feel you
(Hey, man I love you so)
I feel you
(I long you in the night)
I feel you
If you want you can try and you can make it right
Oh, you are such a little child
Oh, you are such a little child
And you won't give anything away, no way, no way, no oh
And when I saw you wandering
When I saw you creeping is when I knew

You had no time for me in your life so boo hoo
No you're gone
But I feel you
(Don't want to let you go)
I feel you
(Hey, man I love you so)
I feel you
(I long in the night)
I feel you, ooh, ooh, ooh
It's not too late to catch me while you can
I will be waiting for you, you know it's not too late
It's not too late, oh baby, went away
I wish he could have stayed here but it's not too late
But I feel you
(Don't want to let you go)
I feel you
(Hey, man I love you so)

I feel you
(I long you in the night)
I feel you you you you
(Yeah)
