Time Stands Still

Rotting Christ

Time stands still
Like a sad young boy
Staring the ground
Making no soundTime stands still
He refuses to walk
Talking through the lie
Just tryig to dieTime stands still
But why move
When I am not warm
Till I taste bloodTime stands still
Like a small blond girl
Just playing dead
Her throat is red
Time the eternal meaning of pain / the only creature to stay
Silent emperor in my dreams / take my soul and strip itTime stands still
Holding his breath
Begging for a death
But she is deafTime stands still
He can wait as I
Kill time and feel
Until you spill stillTime stands still
Like I wait for you
Like you are here
When dawn is nearTime stands still
Has embraced my life
Living in the ground
Doesn't make a soundTime stands still
But why move
When you are not cold
Yet to unfold from a pillTime stands still
And he knows I will
Wait till you you're shown
For the perfect dawn you feelSilent emperor in my dreamsTime stands still
Like a sad young boy
Staring the ground
Making no sound or a killTime stands still
He refuses to walk
Talking through the lie
Just tryig to die he willTime stands still

But why move
When I am not warm
Till I taste blood from a killTime stands still
Like a small blond girl
Just playing dead
Her throat is red but she feelsSilent emperor in my dreamsTime stands still
Holding his breath
Begging for a death
But she is deaf and realTime stands still
He can wait as I
Kill time and feel
Until you spill your thrillSilent emperor in my dreams
