Some stupid chick in the checkout line
Was paying for beer with nickels and dimes
And some old man who clipped coupons
Had argued whenever they wouldn't take one
All I wanted to was buy some cigarettes
But I couldn't take it anymore so I leftI hate everyone (4x)All the people on the street, I hate you all
And the people that I meet, I hate you all
And the people that I know, I hate you all
And the people that I don't, I hate you all
Oh, I hate you allSome fucking asshole just cut me off
And gave me the finger when I fucking honked
Then he proceeded to put on the brakes
He slammed on the brakes, but I made a mistake
When I climbed out of my van he was waiting
But he was six three and two hundred pounds of SatanI hate everyone (4x)All the people on the street, I hate you all
And the people that I meet, I hate you all
And the people that I know, I hate you all
And the people that I don't, I hate you all
Oh, I hate you allI bet you think I'm kidding
But I promise you its true
I hate most everybody
But most of all I hate
Oh, I hate youAll the people on the street, I hate you all
And the people that I meet, I hate you all
And the people that I know, I hate you all
And the people that I don't, I hate you all
And the people in the east, I hate you all
And the people I hate least, I hate you all
And the people in the west, I hate you all
And the people I like best, I hate you all
Oh, I hate you all
